

## Mary O'Malley

Mary O'Malley is a speaker, author and counselor in private practice in Kirkland, Washington. Her work focuses on curiosity, compassion, trust, and the ability to be with whatever is showing up in our lives in a spacious and attentive way.

Mary shares her awareness born out of her own life experiences with life-transforming wisdom and understanding.

Neale Donald Walsch is a modern day spiritual messenger whose words continue to touch the world in profound ways. Neale spent the majority of his life thriving professionally, yet searching for spiritual meaning before beginning his

now famous conversation with God. His *With God* series of books has been translated into 34 languages, touching millions of lives and inspiring important changes in their day-to-day lives.

## Shared Purpose

Neale's *With God* Series has redefined God and shifted spiritual paradigms around the globe. In order to deal with the enormous response to his writings, Neale created the Conversations with God Foundation, a non-profit educational organization dedicated to inspiring the world to help itself move from violence to peace, from confusion to clarity, and from anger to love.

Mary's organization Awakening is dedicated to inviting people into deep connection and a sense of belonging to themselves and to their lives. By teaching people how to cultivate curiosity, compassion and trust, they become present to their lives and in that presence, are healed and become a healing force in the world.

## The Retreat

This is an invitation to take time out of your busy schedule to reconnect with yourself and with your heart

and soul. It is a true gift to yourself, and there is no better setting than the Hawaiian Islands, where life makes love to life.

This retreat is a first-time collaboration of two exceptional teachers, Mary O'Malley and Neale Donald Walsch, author of *Conversations With God*. Both of these teachers have studied deeply the workings of the mind, and while neither teacher concentrates exclusively in any one area, Mary's emphasis will be on assisting participants to know the secrets of the mind/heart connection and how to drop into their heart, while Neale's primary focus will be to assist participants to know the mind/soul connection and how to raise their personal awareness to soul consciousness. Their wonderful mutual exploration of the three-part body-mind-spirit experience provides a rarely explored path to what it means to be fully alive.

In addition, the mystical poetry of Em Claire will sprinkle our moments with lyrical images that invite a special kind of softening and awakening.

We will have times of silence and times of exploring together ideas and skills that invite us back into our hearts and souls. There will be meditations, but the emphasis is on learning how to wake up the natural curiosity of the mind so that we can more fully experience our lives.
